- 1 egg
- ⅓ cup (80ml) sunflower oil
- 1 tsp vanilla extract

Banana Oat Cookies

Ingredients

- 2 ripe bananas
- 1 cup rolled oats (or toasted muesli for a more interesting, slightly crunchy version)
- $\frac{1}{3}$ cup walnuts or pecans

Optional Ingredients

- 2 tsp instant coffee granules (banoffee version)
- $\frac{1}{2}$ tsp cinnamon
- $\frac{1}{3}$ cup dark choc chips
- $\frac{1}{4}$ cup raisins
- Peanut butter (to serve)

Method

1. Preheat oven to 180°C (fan forced). Line a baking tray with baking paper. Mash the bananas in a bowl with a fork.
2. Add the oats, chopped nuts and any optional addins.
3. Mix together well with a fork or wooden spoon.
4. Using a tablespoon, take some of the mixture and roll it into a ball. Place it onto the lined baking tray, and flatten with your hand to make a cookie.
5. Place the baking tray in the oven and bake for 10 minutes. Flip cookies and bake 2-3 more minutes, to solidify the undersides of the cookies. Transfer cookies onto a wooden board to cool.

Tips

- Plop a dollop of peanut butter on top before baking for a bit of spice.
- Add 2 tsp coffee granules to the mix before shaping for a banoffee version.
- Swap out the rolled oats for a toasted muesli (with or without fruits and nuts included) for a slightly fancier spin on the recipe.
- Drizzle melted chocolate on top, or dip cookies into a bowl of melted dark chocolate after cooking for a chocolatey version.

Caramel Slice

Ingredients

Coconut Biscuit Base

- 1 cup (150g) plain (all-purpose) flour, sifted
- ½ cup (40g) desiccated coconut
- 125g unsalted butter, melted
- ½ cup (90g) brown sugar

Caramel Filling

- 125g unsalted butter, chopped
- 2 x 395g cans sweetened condensed milk
- ⅓ cup (115g) golden syrup

Chocolate Topping

- 200g dark chocolate, chopped
- 1 tbsp vegetable oil

Method

1. Preheat oven to 180°C. Place the flour, coconut, butter and sugar in a bowl and mix to combine. Using the back of a spoon, press the mixture into the base of a lightly greased 20cm x 30cm tin lined with non-stick baking paper and bake for 15–20 minutes or until golden.
2. While the base is cooking, make the caramel filling.
3. Place the butter, condensed milk and golden syrup, in a medium saucepan over medium heat. Whisk until the butter is melted and cook, whisking frequently, for 5–7 minutes or until the mixture has thickened slightly (see tip).
4. Pour the caramel over the cooked base, spread evenly with a palette knife and cook for 15–20 minutes or until golden. Cool slightly and refrigerate until cold.
5. To make the chocolate topping, place the chocolate and oil in a heatproof bowl over a saucepan of simmering water, and stir until melted and smooth. Pour the chocolate over the caramel mixture and spread evenly. Refrigerate for 30 minutes, or until firm. Using a warm knife, cut into slices or squares to serve. Makes 20 squares

Tip

- When stirring the caramel, scrape the sides and bottom of the pan so the mixture doesn't stick.
- Try making the base from your favourite biscuits. Just take the equivalent weight of biscuits (around 280g), blend them coarsely in a blender, and combine with butter as per step 1. Biscoff & Digestives are some examples that work well!

French Toast with Whipped Cream Cheese

Ingredients

Bread batter

- 1 loaf of sliced sourdough, slightly older will hold together best. Other breads may work well too.
- 6 eggs
- 1½ cups milk
- 2 tsp vanilla extract
- ½ tsp cinnamon
- ½ tsp salt

Whipped cream cheese

- 150ml cream
- ~50g cream cheese
- 1½ tbsp icing sugar

Method

1. Whip the cream, cheese and sugar for maybe 5-10 mins (probably longer with a hand-whisk) until it gets really thick and floofy. Refrigerate until serving.
2. Combine batter ingredients and whisk well in a shallow, wide bowl. The salt component supposedly helps it absorb into the bread(?)
3. Preheat pan with butter, medium-high to high heat. If the heat is too low, the egg wont completely set, and too high and the outside will blacken, so try a single piece of toast or two before cooking a panful
4. Soak a few pieces of bread in the batter for 20-30 seconds and transfer direct from bowl to hot frying pan
5. Cook for 4-5 minutes, flipping a few times, until it looks a bit like a cooked, browned pancake.
6. Slap it on a plate, with the cream and maple syrup or whatever toppings you like and enjoy!

Variations

- Many other toppings, including icing sugar, ice cream, chocolate syrup, berries, agave nectar. Anything that's good on a pancake will probably be great here.

Pikelets

Ingredients

- 2 cups self raising flour
- 2 eggs
- 2 tablespoons of golden syrup
- Milk
- Butter
- Lemon juice

Method

1. Mix all the wet ingredients together - you'll have to beat hard but not for long, to blend the syrup into mix. Then add enough milk to get a thick, runny batter.
2. Use butter to cook them in (all this butter!!!). A tablespoon full for each one & cook in moderately hot pan until the bubbles appear & turn, they should be golden brown. A squeeze of lemon juice & a sprinkle of sugar is delicious when hot - butter (again) or margarine spread on when cold.

Beef Stir Fry

Ingredients

- 1 tbsp olive oil
- 500g beef, sliced into strips (about 1cm wide)
- 1 onion, sliced or diced
- 2 cloves garlic, minced
- 1 tsp dried ginger
- 1 tsp chilli flakes
- 2 capsicums, sliced
- 2 cups green vegetables
- 1-2 cups cabbage, sliced
- 1 tbsp honey
- 3 tbsp soy sauce
- 2 tbsp lemon juice
- 450g hokkien/egg noodles

Method

1. Add 1 tbsp oil to a large, deep frypan or wok on medium-high heat. Add the onion, garlic, ginger and chilli. Cook for 3 minutes.
2. Add beef pieces and cook for about 5 minutes, until browned thoroughly. The onion will be very soft and the beef should be reasonably tender.
3. In a separate bowl, mix together soy sauce, lemon juice and honey.
4. Add vegetables/capsicum/cabbage, along with the noodles. Add the honey soy mixture and stir well until everything is well coated in the sauce, and cook for 3-5 minutes.

Tips

- The honey soy sauce can be replaced entirely with a store bought sauce mix (think Teriyaki, Chinese Stir Fry, etc), or experimented with for many variations on flavour.
- You can easily omit adding the noodles during step 4, and serve over cooked rice, or over noodles instead.
- The vegetables can be swapped around to nearly anything available in your area/season.
- Beef can easily be swapped out with thinly sliced chicken or pork. Reduce the cooking time of step 2 to around 4 minutes accordingly.

Kimchijeon (Kimchi Pancakes)

Ingredients

- 1 cup thinly sliced, fully-fermented kimchi
- 1-2 spring onions (two if thin and small)
- ¼ medium onion
- cooking oil with high smoke point for pan frying
- [optional] 90g minced pork

Batter Mix

- ¼ cups plain flour or buchimgaru (Korean pancake premix) or swap ¼ cup of plain flour with sweet rice flour or corn/potato starch
- 2-3 tbsp juice/liquid from kimchi
- 1 cup icy cold water
- [optional] 1-2 tsp gochujang (Korean chili pepper paste) or gochugaru
- [optional] 1 lightly beaten egg

Dipping Sauce (combine all ingredients)

- 1 tbsp soy sauce
- 1 tsp vinegar
- 1 tbsp water
- ½ tsp sugar
- pinch of black pepper

Method

1. Thinly slice the kimchi, about 1-1½ cm thick. Cut the spring onions into about 5 cm pieces. If the white part is thick, cut in half lengthwise. Thinly slice the onion.
2. In a large bowl, combine the flour (or pancake mix) with the liquid from kimchi, the optional gochujang/gochugaru and egg, and water, a little bit at a time. Start with dissolving the gochujang with water, and mix everything together. Do not over mix.
3. Add a little more water if the batter is too thick. The batter should flow easily from a spoon.
4. Stir in the kimchi, spring onions, onion and the optional protein of your choice.
5. Heat one tablespoon of oil in a non-stick pan over medium heat. Ladle the mixture into the pan, and spread it evenly into a thin round shape. Cook until the edges turn light golden brown, about 3 minutes. Turn it over, and add more oil to the sides of the pan. Gently swirl the pan to distribute the oil under the pancakes. Press the pancake down with a spatula. Cook until the other side is nicely browned and crispy, 2 to 3 minutes.
6. Repeat the process until there is no remaining batter. Serve hot with a dipping sauce, if desired.

Tips

- Use juice/liquid from kimchi if at all possible.
- Use icy cold water.
- The batter should be thin enough to flow easily from a spoon.
- Spread the batter thin when pan frying.
- Use a generous amount of oil.
- Increase the heat a little to crisp up the pancakes at the end of pan-frying.

Beef & Guinness Casserole

Ingredients

- 1.5kg stew beef, trimmed and cut into around 4 cm pieces
- 2 tbsp plain white flour, seasoned with sea salt and cracked black pepper
- 1 tbsp olive or vegetable oil
- 4 tbsp butter
- 500ml good quality beef stock
- 1 tbsp tomato puree
- 4 large onions, peeled and sliced coarsely
- 225g carrots, peeled and sliced
- 225g celery, roughly chopped
- 500ml Guinness (I used extra stout, not draught). Any stout should do
- 5 thyme sprigs
- A few sprigs of flat leaf parsley or a small bay leaf, to garnish
- Sea salt and cracked black pepper

Method

1. Prepare the beef

Preheat the oven to fan 170°C. Toss the beef in the seasoned flour to coat, shaking off any excess. In a large casserole dish, heat the oil and melt 3 tablespoons of the butter over a high heat. Add the beef to the pan and quickly brown in batches. Be careful not to crowd the pan as the beef will stew instead of sear and caramelize. Remove the seared beef to a plate. Reduce the heat to low and add 100ml of the beef stock to deglaze, scraping the residue off the base to save the caramelized flavor. Stir in the tomato puree and then turn the heat off.

2. Saute the onions

In a frying pan, melt the remaining butter over a medium heat. Add the onions and saute for 10 minutes or until softened. Tip the onions out of the pan and set aside. To the same pan, add the carrots and celery and sauté for 5 minutes, stirring occasionally. Deglaze this pan with a little of the stock and add to the casserole.

3. Combine and braise

Add the meat, onions, carrots and celery to the casserole dish with the Guinness and remaining stock. Add the thyme sprigs and stir all together to ensure everything is well distributed. Bring the casserole to the boil over a high heat, then cover and braise in the oven for 3 hours, checking periodically that it's not drying out and adding more stock (or water) if necessary. Check the meat with a skewer or knife to see if it's tender; it should be soft and easily come apart. Season to taste.

4. Optional

To thicken for use in other recipes later, reduce heat to 140°C and partially uncover lid. Cook a further 1 hour to reduce liquid, and make beef extra tender.

- pies
- pasties
- shepherd's pie
- savory rice
- pasta bake
- wraps
- jaffles/toasties

Beef Stroganoff

Ingredients

- 600g beef pieces
- 2 tbsp oil
- 1 large onion
- 300g mushrooms, sliced coarsely
- 3 tbsp (40g) butter
- 2 tbsp flour
- 2 cups (500ml) beef stock
- 1 tbsp dijon mustard
- ⅔ cup (150ml) sour cream
- Salt and pepper to taste

Method

1. Sprinkle beef with a pinch of salt and pepper
2. Heat 1 tbsp oil in a large skillet over high heat. Scatter half the beef in the skillet. Quickly spread it with tongs. Leave untouched for 30 seconds to brown. Turn beef quickly (as best you can). Leave untouched for 30 seconds to brown. Immediately remove onto a plate. Don't worry about pink bits showing, it can remain raw inside at this stage.
3. Add remaining 1 tbsp oil and repeat with remaining beef.
4. Turn heat down to medium high. Add butter, melt. Then add onions, cook for 1 minute, then add mushrooms.
5. Cook mushrooms until golden. Scrape bottom of fry pan to get all the golden bits off (good flavouring).
6. Add flour, cook, stirring, for one minute.
7. Add half the broth while stirring. Once incorporated, add remaining broth.
8. Stir, then add sour cream and mustard. Stir until incorporated (don't worry if it looks split, sour cream will melt as it heats).
9. Bring to simmer, then reduce heat to medium low. Once it thickens to the consistency of pouring cream (3-5 minutes), adjust salt and pepper to taste.
10. Add beef back in (including plate juices). Simmer for 1 minute, the remove from stove immediately.
11. Serve over rice or pasta.

Lamb

- Leftover roast lamb or whatever cold cooked meat (eg. ham , chicken etc.)
- Vegies, any sort you want, usually
 - corn
 - carrots
 - peas
 - a bit of onion or shallots

Batter

- 2 cups self raising flour
- pinch of salt & pepper
- 1 or 2 eggs
- Milk

Method

1. Mix all the batter ingredients into a thick liquid - not too runny.
2. Add your choice of stuff to go in & fry a tablespoon size in a combination of olive oil & butter, on a moderate heat.
3. Turn them when bubbles start to form & pop on top - they should be golden brown.
4. Once again tomato sauce is great on top!!! The butter gives a great flavour & the olive oil stops it from burning - you might have to add more of these to the pan after each batch.

Apple Crumble

Ingredients

Filling

- 3 medium apples, peeled, cored, and sliced (about 2mm or so thick)
- ¼ cup water
- 1 tbsp lemon juice
- 1 tbsp brown sugar
- [optional] ¼ tsp ground cinnamon

Crumble

- ⅓ cup plain flour
- ⅓ cup brown sugar
- ⅓ cup rolled oats
- 60g butter, chopped
- [optional] ¼ tsp ground cinnamon
- [optional] ¼ tsp ground nutmeg

Method

1. Preheat oven to 180°C/160°C fan forced. Combine apples, juice, sugar, cinnamon, and water in small saucepan over medium heat. Cook, stirring for 5 minutes or until apple is slightly softened. Leave in the pan to soak/soften.
2. To make the crumble, combine the flour, sugar, oats, cinnamon, nutmeg, and butter in a bowl. Use your fingertips to rub the butter into the flour mixture until the mixture resembles breadcrumbs.
3. Transfer the apples into a 3 cup capacity ovenproof dish, draining off most of the liquid. Sprinkle crumble mixture over the apples. Bake in oven for 25-30 minutes or until golden brown.
4. Serve warm with custard, icecream or whipped cream.

Tips

- Soften the butter for a few seconds in the microwave if it's too solid to squish between fingertips reasonably easily. It should remain solid and not at all runny for the crumble.
- Using brown sugar will give the dish a slightly rich, caramelized taste and colour, but caster sugar can be easily swapped in for a lovely variation!

Chicken Tenders

Ingredients

Chicken

- 500g thigh fillet chicken, sliced into strips, around 3cm thick

Batter

- eggs
- ranch dressing

Crumb coating

- cornflake crumbs
- pepper
- garlic salt
- paprika
- curry powder
- chilli powder
- mustard powder

Method

1. Preheat airfryer to 180°C
2. Take your sliced chicken strips and place them all on a chopping board. Use a meat tenderiser to soften and increase their surface area (to pick up more flavouring)
3. Lightly beat together ranch dressing with eggs in a large bowl
4. In a second large bowl, stir together the dry ingredients and put it next to your batter bowl.
5. One at a time, take a chicken strip, dip it a couple of times in the egg batter, and hold it above the bowl for a couple of seconds, until it stops dripping. Lay it in the crumb bowl and lightly turn it until it is completely coated in crumbs and seasoning. Lay it out on a plate, not touching the other strips.
6. Repeat step 5 for the remaining strips.
7. Place your battered chicken into air fryer (in batches if you don't have space), keeping them as long and straight as you can manage. Bake for 12 minutes, turning once or twice

Tips

- These survive reheating *extremely* well, from both fridge and freezer, so consider making a larger batch and freezing your extras for a rainy winter's night
- While battering and crumbing, try to keep one hand on "dry" and the other "wet" bowls and ingredients, you will prevent a

lot of messy cleanup and clumpy seasoning.

- The seasoning is largely up to you, just be sure to include either breadcrumbs or cornflake crumbs, and some type of salt.
- Discard the leftover seasoning as it will be a health hazard to eat.
- Leftover batter can be cooked in the air fryer (around 7-8 minutes) in muffin pans for tasty mini omlettes.

Coconut Saffron Rice

Ingredients

- 1/4 tsp saffron threads
- 1 tbsp Sauvignon Blanc, or substitute white vinegar, room temperature
- 2 tsp peanut oil
- 2 cups uncooked white basmati rice
- 1 3/4 cup coconut milk
- 2 cups water
- 2 to 3 tbsp dry shredded coconut
- 1 tsp sea salt
- 1 tsp agave nectar (or 1/2 tsp of sugar)
- 1/2 tsp turmeric
- 1/4 tsp cumin

Method

1. In a small bowl, soak saffron threads in warm wine for 5 minutes while you complete step 2.
2. In a large saucepan, heat peanut oil over a medium heat until it begins to shimmer, about 2 minutes. Stir in rice, mixing with a wooden spoon until all of the grains are coated with peanut oil. Fry for 1 minute, stirring constantly. Place the remaining ingredients in the pot with the rice and oil, taking care not to get caught in the napalm-like splattering that will inevitably happen. Gently stir ingredients, making sure that nothing sticks to the bottom while everything comes to a boil.
3. Once liquid achieves a boil, reduce heat to low. Place lid on pot, slightly askew to allow some steam to escape. Stir occasionally to make sure rice doesn't stick to bottom of pan and the sugar in the coconut milk doesn't burn. Allow to simmer *very* gently for 15-20 minutes, or until rice is tender. You do not want the coconut milk, which is high in sugar, to burn. 4. Remove from heat and cover pot. Allow to sit for 5 minutes - it can actually sit like this for up to an hour. Fluff with a fork when you're ready to serve.

Variation

- While hot, mix rice with finely chopped carrots, mint, and mango, then chill in the refrigerator for a great whole grain summer salad.

extra stuff

Hommmus

Ingredients

- 425g can (or 1½ cups cooked) chickpeas, rinsed and drained
- ½ tsp baking soda (if you're using canned chickpeas)
- ¼ cup lemon juice (from 1½ to 2 lemons), more to taste
- 1 medium-large clove garlic, roughly chopped
- ½ tsp fine sea salt, to taste
- ½ cup tahini
- 2 to 4 tablespoons ice water, more as needed
- ½ tsp ground cumin
- 1 tbsp extra virgin olive oil
- [optional garnishes] olive oil/zhoug sauce/ground sumac/paprika/fresh parsley

Method

1. Place the chickpeas in a medium saucepan and add the baking soda. Cover the chickpeas by several (5 to 10) cm of water, then bring the mixture to a boil over high heat. Continue boiling, reducing heat if necessary to prevent overflow, for about 20 minutes, or until the chickpeas look bloated, their skins are falling off, and they're quite soft. In a fine mesh strainer, drain the chickpeas and run cool water over them for about 30 seconds.
2. Meanwhile, in a food processor or high-powered blender, combine the lemon juice, garlic and salt. Process until the garlic is very finely chopped, then let the mixture rest so the garlic flavor can mellow, ideally 10 minutes or longer.
3. Add the tahini to the food processor and blend until the mixture is thick and creamy, stopping to scrape down any tahini stuck to the sides and bottom of the processor as necessary.
4. While running the food processor, drizzle in 2 tablespoons ice water. Scrape down the food processor, and blend until the mixture is ultra smooth, pale and creamy. (If your tahini was extra-thick to begin with, you might need to add 1 to 2 tablespoons more ice water.)
5. Add the cumin and the drained chickpeas to the food processor. While blending, drizzle in the olive oil. Blend until the mixture is super smooth, scraping down the sides of the processor as necessary, about 2 minutes. Add more ice water by the tablespoon if necessary to achieve a super creamy texture.
6. Taste, and adjust as necessary. Add another ¼ teaspoon salt for more flavor or extra lemon juice for more zing.
7. Scrape the hommmus into a serving bowl or platter, and use a spoon to create nice swooshes on top. Top with garnishes of your choice, and serve.

Roasted Capsicum

Ingredients

- Capsicum
- Olive oil

Method

1. Cut the capsicum in half, removing the seeds and white membrane.
2. Place skin side up on a cooking tray. Spray with cooking oil, or drizzle with olive oil.
3. Pop the tray under a hot grill for 10 minutes, or until the skins have blistered and blackened slightly.
4. Fold the lining foil up and over the capsicum while it is still on the tray. This will cause them to steam, making it easier to peel away the skin.
5. Leave for 10 minutes, or until cool enough to handle. Using your fingers, peel away the skins.

Tips

- If you're not using them immediately, place your capsicums in a resealable jar and cover with olive oil.
- They'll store in the fridge for two weeks, or you can freeze them for up to two months.
